

The Conflict about Iran's Nuclear Programme

“Iran is running a nuclear programme that is a cause for concern. Iran claims that it is purely civilian. There are many disconcerting indications that could be interpreted to mean that their intentions are more military than civilian in nature. But intentions cannot be proven when dealing with dual-use technology.”

- Prof. Dr. Martin Kalinowski

SPEAKER:

Prof. Dr. M. Kalinowski,
Carl Friedrich von
Weizsäcker Centre
For Science
and Peace Research,
Uni-Hamburg

PLACE:

DESY Hörsaal,
Notkestraße 85

DATE & TIME:

Thursday 1 June,
16:00

FRIEDA / HANAWI

(Friedens Initiative Einiger DESY Aner /
Hamburger NaturWissenschaftler Initiative)

For Further Information:

Hannes Jung,
040 8998 3741

Please note that the talk is to be given in English
